BENEFITS OF THIS PLAN ARE AVAILABLE ONLY FOR SERVICES AND SUPPLIES FURNISHED DURING THE TERM THE PLAN IS IN EFFECT AND WHILE THE BENEFITS YOU ARE CLAIMING ARE ACTUALLY COVERED BY THIS PLAN.

IF BENEFITS ARE MODIFIED, THE REVISED BENEFITS (INCLUDING ANY REDUCTION IN BENEFITS OR ELIMINATION OF BENEFITS) APPLY TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF MODIFICATION. THERE IS NO VESTED RIGHT TO RECEIVE THE BENEFITS OF THIS PLAN.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS. THE MEANINGS OF WORDS AND PHRASES IN CAPITAL LETTERS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers. There are two kinds of Participating Providers a Member can select in this Plan:

- **PPO Providers** are providers who participate in a Blue Cross and/or Blue Shield Plan. PPO Providers have agreed to a rate they will accept as reimbursement for covered services that is generally lower than the rate charged by Traditional Providers. Participating Providers have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this Plan will be different for Non-Participating Providers than for Participating Providers.
- **Traditional Providers** are providers who might not participate in a Blue Cross and/or Blue Shield Plan, but have agreed to a rate they will accept as reimbursement for covered services for PPO Members.

Depending on the Participating Provider a Member selects, the level of benefits payable under this Plan is determined as follows:

- If your identification card shows a PPO suitcase logo and:
 - You select a PPO Provider, you will get the higher level of benefits of this Plan.
 - You select a Traditional Provider because there are no PPO Providers in your area, you will get the higher level of benefits of this Plan.
- If your ID card does NOT have a PPO suitcase logo, you must select a Traditional Provider to get the higher level of benefits of this Plan.

A directory of Participating Providers is available. You can get a directory from Anthem.

Certain categories of providers defined in this Evidence of Coverage as Participating Providers may not be available in the Blue Cross and/or Blue Shield Plan in the service area where you receive services. See Maximum Allowed Amount in the YOUR MEDICAL BENEFITS section for additional information on how health care services you obtain from such providers are covered.

Centers of Medical Excellence. Anthem Blue Cross is providing access to Centers of Medical Excellence (CME) network facilities and Blue Distinction Centers for Specialty Care (BDCSC) to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. The CME network is comprised of the Anthem Centers of Medical Excellence and the Blue Distinction Centers for Specialty Care (BDCSC). The Centers of Medical Excellence (CME) and Blue Distinction Centers for Specialty Care (BDCSC) meet specific participation criteria and offer comprehensive services through coordinated, streamlined referral management. **The specified transplants are covered only at a CME or BDCSC.** CME and BDCSC have agreed to a rate they will accept as payment in full for covered services. A participating provider in the Blue Cross and/or Blue Shield Plan is not necessarily a CME or BDCSC facility.

TYPES OF PROVIDERS

Non-Participating Providers. Non-Participating Providers are Hospitals and Physicians which have not agreed to participate in a Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions.

Anthem Blue Cross has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Non-Participating Providers could be balance billed by the Non-Participating Provider for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the Plan. This doesn't mean they can provide every service that a medical doctor could; it just means that we'll cover expense you incur from them when they're practicing within their specialty the same as we would if the care were provided by a medical doctor.

Other Health Care Providers. Other Health Care Providers are neither Physicians nor Hospitals. See the definition of Other Health Care Providers in the DEFINITIONS section for a complete list of those providers. Other Health Care Providers are not participating providers.

Participating and Non-Participating Pharmacies. "Participating Pharmacies" agree to charge only the Prescription Drug Maximum Allowed Amount (defined on page 112) to fill the prescription. You pay only your copayment amount.

"Non-Participating Pharmacies" have not agreed to the Prescription Drug Negotiated Rate. The amount that will be covered as Prescription Drug Maximum Allowed Amount (defined on page 112) is significantly lower than what these providers customarily charge.

Care Outside the United States—Blue Cross Blue Shield Global Core

Prior to travel outside the United States, call the member services telephone number listed on your ID card to find out if your Plan has Blue Cross Blue Shield Global Core benefits. Your coverage outside the United States is limited and it is recommended:

- Before you leave home, call the member services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with Urgent Care or an Emergency when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The Blue Cross Blue Shield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a Physician appointment or hospitalization, if needed.

Payment Information

- **Participating Blue Cross Blue Shield Global Core hospitals.** In most cases, you should not have to pay upfront for Inpatient care at participating Blue Cross Blue Shield Global Core Hospitals except for the out-of-pocket costs you normally pay (non-covered services, deductible, copays, and coinsurance). The Hospital should submit your claim on your behalf.

TYPES OF PROVIDERS

- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a Physician, and Inpatient care from a Hospital that is not a participating Blue Cross Blue Shield Global Core Hospital. Then you can complete a Blue Cross Blue Shield Global Core claim form and send it with the original bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating Blue Cross Blue Shield Global Core hospitals will file your claim on your behalf.** You will have to pay the Hospital for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and Physician care, or Inpatient Hospital care not provided by a participating Blue Cross Blue Shield Global Core Hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to Anthem Blue Cross.

Additional Information About Blue Cross Blue Shield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.
- Exchange rates are determined as follows:
 - For Inpatient Hospital care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from Anthem, from the Blue Cross Blue Shield Global Core Service Center, or online at:

www.bcbs.com/bluecardworldwide.

The address for submitting claims is on the form.

TIMELY ACCESS TO CARE

Anthem has contracted with health care service providers to provide covered services in a manner appropriate for your condition, consistent with good professional practice. Anthem ensures that its contracted provider networks have the capacity and availability to offer appointments within the following timeframes:

- **Urgent Care appointments for services that do not require prior authorization:** within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization:** within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments for primary care:** within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with specialists:** within fifteen (15) business days of the request for an appointment;

If a provider determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the provider may schedule an appointment for a later time than noted above.

Anthem arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If Anthem contracts with a provider for telephone triage or screening services, the provider will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait time for a return call from the provider or how the Member may obtain Urgent Care or Emergency Services or how to contact another provider who is on-call for telephone triage or screening services.

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an appointment with a Participating Provider.

SUMMARY OF BENEFITS

THE BENEFITS OF THIS EVIDENCE OF COVERAGE ARE PROVIDED ONLY FOR SERVICES WHICH ARE CONSIDERED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED.

This summary provides a brief outline of your benefits. You need to refer to the entire Evidence of Coverage for complete information about the benefits, conditions, limitations and exclusions of your Plan.

All benefits are subject to coordination with benefits under certain other plans.

After Hours Care. After hours care is provided by your Physician who may have a variety of ways of addressing your needs. You should call your Physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-Emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an Emergency, call 911 or go to the nearest emergency room.

Telehealth. This plan provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the plan. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

The benefits of this plan may be subject to the THIRD PARTY LIABILITY section.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

GENERAL

This section describes the term Maximum Allowed Amount as used in this Evidence of Coverage and Disclosure Form, and what the term means to you when obtaining covered services under this plan. The Maximum Allowed Amount is the total reimbursement payable under your plan for covered services you receive from Participating and Non-Participating Providers. It is the Plan's payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire Maximum Allowed Amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire Maximum Allowed Amount for covered services. In addition, if these services are received from a Non-Participating Provider, you may be billed by the provider for the difference between their charges and the Maximum Allowed Amount. In many situations, this difference could be significant.

Provided below are two examples below, which illustrate how the Maximum Allowed Amount works. These examples are for illustration purposes only.

Example: The plan has a member Co-Payment of 30% for participating provider services after the Deductible has been met.

- The member receives services from a participating surgeon. The charge is \$2,000. The Maximum Allowed Amount under the plan for the surgery is \$1,000. The member's Co-Payment responsibility when a participating surgeon is used is 30% of \$1,000, or \$300. This is what the member pays. The plan pays 70% of \$1,000, or \$700. The participating surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a member Co-Payment of 50% for non-participating provider services after the Deductible has been met.

- The member receives services from a non-participating surgeon. The charge is \$2,000. The Maximum Allowed Amount under the plan for the surgery is \$1,000. The member's Co-Payment responsibility when a non-participating surgeon is used is 50% of \$1,000, or \$500. The plan pays the remaining 50% of \$1,000, or \$500. In addition, the non-participating surgeon could bill the member the difference between \$2,000 and \$1,000. So the member's total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, Anthem Blue will, to the extent applicable, apply claim processing rules to the claim submitted. Anthem uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the Maximum Allowed Amount if Anthem determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the Maximum Allowed Amount will be based on the single procedure code.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the provider is a Participating Provider, a Non-Participating Provider or Other Health Care Provider.

YOUR MEDICAL BENEFITS

Participating Providers and Centers of Medical Excellence (CME). For covered services performed by a Participating Provider or CME the Maximum Allowed Amount for this plan will be the rate the Participating Provider or CME have agreed with Anthem to accept as reimbursement for the covered services. Because Participating Providers or CME have agreed to accept the Maximum Allowed Amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Co-Payment. Please call the member services telephone number on your ID card for help in finding a Participating Provider or visit www.anthem.com/ca.

If you go to a Hospital which is a Participating Provider, you should not assume all providers in that Hospital are also Participating Providers. To receive the greater benefits afforded when covered services are provided by a Participating Provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by Participating Providers whenever you enter a Hospital.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an Ambulatory Surgical Center. An Ambulatory Surgical Center is licensed as a separate facility even though it may be located on the same grounds as a Hospital although this is not always the case). If the center is licensed separately, you should find out if the facility is a Participating Provider before undergoing the surgery.

Note: If you receive covered medical services from a type of provider listed in the DEFINITIONS section under Other Health Care Provider and that provider is of a type represented in the network of the on-site Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a Participating Provider for the purposes of determining the Maximum Allowed Amount.

If a provider defined in this Evidence of Coverage as a Participating Provider is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a Non-Participating Provider for the purposes of determining the Maximum Allowed Amount.

Non-Participating Providers and Other Health Care Providers.* Providers who are not in the Prudent Buyer network are Non-Participating Providers or Other Health Care Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a Non-Participating Provider or Other Health Care Provider, the Maximum Allowed Amount will be based on the applicable Anthem Blue Cross Non-Participating Provider rate or fee schedule for this plan, an amount negotiated by Anthem or a third party vendor which has been agreed to by the Non-Participating Provider, an amount derived from the total charges billed by the Non-Participating Provider, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered Non-Participating Providers. For this plan, the Maximum Allowed Amount for services from these providers will be one of the methods shown above unless the provider's contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by Non-Participating Providers, claims may be priced using the local Blue Cross Blue Shield plan's Non-Participating Provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

YOUR MEDICAL BENEFITS

Unlike Participating Providers, Non-Participating Providers and Other Health Care Providers may send you a bill and collect for the amount of the Non-Participating Provider's or Other Health Care Provider's charge that exceeds Anthem's Maximum Allowed Amount under this plan. You may be responsible for paying the difference between the Maximum Allowed Amount and the amount the Non-Participating Provider or Other Health Care Provider charges. This amount can be significant. Choosing a Participating Provider will likely result in lower out of pocket costs to you. Please call the member services number on your ID card for help in finding a Participating Provider or visit Anthem's website at www.anthem.com/ca. Member services is also available to assist you in determining this plan's Maximum Allowed Amount for a particular covered service from a Non-Participating Provider or Other Health Care Provider.

***Exceptions:**

- **Clinical Trials.** The Maximum Allowed Amount for Non-Participating Providers for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a Participating Provider.
- **If Medicare is the primary payer, the Maximum Allowed Amount does not include any charge:**
 1. By a Hospital, in excess of the approved amount as determined by Medicare; or
 2. By a Physician who is a Participating Provider who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a Physician who is a Non-Participating Provider or Other Health Care Provider who accepts Medicare assignment, in excess of the lesser of the Maximum Allowed Amount stated above, or the approved amount as determined by Medicare; or
 4. By a Physician or Other Health Care Provider who does not accept Medicare assignment, in excess of the lesser of the Maximum Allowed Amount stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this plan.

Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the Maximum Allowed Amount as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a Participating Provider or Non-Participating Provider. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using Non-Participating Providers. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the member services telephone number on your ID card to learn how this plan's benefits or cost share amount may vary by the type of provider you use.

Anthem will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a Participating Provider or Non-Participating Provider. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower Participating Provider cost share percentage when you use a Non-Participating Provider. For example, if you go to a Participating hospital or facility and receive covered services from a Non-Participating Provider such as a radiologist, anesthesiologist or pathologist, you will pay the

YOUR MEDICAL BENEFITS

Participating Provider cost share percentage of the Maximum Allowed Amount for those covered services, and, you may also be liable for the difference between the Maximum Allowed Amount and the Non-Participating Provider's charge.

Authorized Referrals

In some circumstances Anthem may authorize Participating Provider cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a Non-Participating Provider. In such circumstance, you or your Physician must contact Anthem in advance of obtaining the covered service. It is your responsibility to ensure that Anthem has been contacted. If Anthem authorizes a Participating Provider cost share amount to apply to a covered service received from a Non-Participating Provider, you also may still be liable for the difference between the Maximum Allowed Amount and the Non-Participating Provider's charge. Please call the member services telephone number on your ID card for Authorized Referral information or to request authorization.

YOUR MEDICAL BENEFITS

DEDUCTIBLES, CO-PAYMENTS, OUT-OF-POCKET EXPENSE AMOUNT AND MEDICAL BENEFIT MAXIMUMS

After we subtract any applicable deductible and your Co-Payment, we will pay benefits up to the amount of the Maximum Allowed Amount, not to exceed the applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-of-Pocket Expense Amount and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this plan is separate and distinct from the other. Only the covered charges that make up the Maximum Allowed Amount will apply toward satisfaction of any deductible except as specifically indicated in this Evidence of Coverage.

Primary Deductible: Each Member must initially meet a deductible amount of \$300.00 each calendar Year for applicable services (see pages 7 & 8 for services which are not subject to the deductible). Once that amount has been reached there is no further deductible for that Member that Year for covered services incurred when services are received from the following providers:

1. Participating Providers and CMEs,
2. Other Health Care Providers,
3. Non-Participating Provider Physicians whose specialty is not represented in the Blue Cross and/or Blue Shield Plan, and
4. Non-Participating Provider Physicians/Hospitals for Emergency Care or Accidental Injury.

A family must initially meet a deductible amount of \$900.00 each calendar Year. Once that amount has been reached, there is no further deductible required for that family for the remainder of that Year when covered services are received from the providers listed above.

Non-Participating Provider Deductible. Charges for covered services incurred rendered by a Non-Participating Provider Hospital or Non-Participating Provider Physician (except as stated above) are subject to an additional \$300.00 deductible for each Member and to an additional \$900.00 deductible for each family. **In no event will the deductible exceed \$600.00 for each Member or \$1,800.00 for each family during a Year.**

Deductible Carryover. Covered charges incurred during October, November or December of any Year and applied toward the deductible for that Year will also apply toward the deductible for the next Year.

YOUR MEDICAL BENEFITS

CO-PAYMENTS

After you have satisfied any applicable deductible, we will subtract your Co-Payment from the amount of the Maximum Allowed Amount remaining.

If your Co-Payment is a percentage, we will apply the applicable percentage to the amount of the Maximum Allowed Amount remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

If you receive services from an Other Health Care Provider of a type participating in a Blue Cross and/or Blue Shield Plan, your Co-Payment if you go to a provider participating in the Blue Cross and/or Blue Shield Plan will be the same as for a Participating Provider shown in the section SUMMARY OF BENEFITS CO-PAYMENTS.

OUT-OF-POCKET EXPENSE AMOUNT

Satisfaction of the Out-of-Pocket Expense Amount. If, after you have met your Calendar Year Deductible, you pay Co-Payments equal to the Out-of-Pocket Expense Amount per Member during a Calendar Year, you will no longer be required to make Co-Payments for any additional covered services or supplies you incur during the remainder of that Year. If two or more Members in a family pay Co-Payments during a Year equal to the Out-of-Pocket Expense Amount shown for two or more Members of the same family, no further Co-Payments will be required from any Member of that family for the remainder of that Year.

Charges Which Do Not Apply Toward the Out-of-Pocket Expense Amount. Only charges that are considered covered will apply toward satisfaction of any Out-of-Pocket Amount. Charges for services or supplies not covered under this plan and charges which exceed the Maximum Allowed Amount will not be applied toward satisfaction of an Out-of-Pocket Amount.

MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any Member in excess of any of the Medical Benefit Maximums.

YOUR MEDICAL BENEFITS

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.
5. The expense must not exceed any of the maximum benefits or limitations of this plan.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a Physician.

YOUR MEDICAL BENEFITS

MEDICAL CARE THAT IS COVERED

The benefits provided in this Evidence of Coverage are subject to applicable federal and California laws. There are some states that require more generous benefits be provided to their residents even if the master policy was not issued in their state. If your state has such requirements, we will adjust your benefits to meet the minimum requirements.

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Acupuncture

The services of a Physician for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electro-acupuncture, cupping and moxibustion.

Advanced Imaging Procedures

Imaging procedures, including, but not limited to, Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and nuclear cardiac imaging are subject to pre-service review to determine medical necessity. You may call the toll-free member services telephone number on your identification card to find out if an imaging procedure requires pre-service review. See the UTILIZATION REVIEW PROGRAMS section beginning on page 50 for details.

Allergy

Allergy testing and Physician services for allergy injections.

Ambulance

Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical Emergency, to a Hospital,
 - Between Hospitals, including when you are required to move from a Hospital that does not contract with Anthem to one that does, or
 - Between a Hospital and a Skilled Nursing Facility or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical Emergency to a Hospital,
 - Between hospitals, including when you are required to move from a hospital that does not contract with Anthem to one that does, or

YOUR MEDICAL BENEFITS

- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. Emergency ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical Emergency. When using an air ambulance in a non-emergency situation, Anthem reserves the right to select the air ambulance provider. If you do not use the air ambulance Anthem selects in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes Medically Necessary treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a Hospital. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical Emergency existed even if you are not transported to a Hospital. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your Family Members or Physician are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A Physician's office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Hospital than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such a skilled nursing facility), or if you are taken to a Physician's office or to your home.

Hospital to hospital transport: If you are being transported from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats you cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. For services to be covered, you must be taken to the closest Hospital that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your Physician prefers a specific Hospital or Physician.

* If you have an Emergency medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.

3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

Note: You will be financially responsible for the costs associated with non-covered services.

Covered services are subject to any applicable deductibles, Co-Payments and medical benefit maximums. The Maximum Allowed Amount does not include charges for services received without first obtaining pre-service review, or which are provided at a facility other than an approved transplant center. To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. Anthem will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) rules, or exclusions apply. Call the member services phone number on the back of your ID card and ask for the transplant coordinator.

You or your Physician must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an Inpatient or outpatient setting. Prior authorization is required before benefits will be provided for a transplant. Your Physician must certify, and we must agree, that the transplant is Medically Necessary. Your Physician should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your Physician may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Specified Transplants

You must obtain pre-service review for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. UTILIZATION REVIEW PROGRAMS

This Plan includes the process of utilization review to decide when services are Medically Necessary or Experimental / Investigative as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be Medically Necessary to be a covered service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care.

Certain services must be reviewed to determine medical necessity in order for you to get benefits. Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a service that was asked for is not Medically Necessary if you have not tried other treatments that are more cost-effective.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your Plan;
3. The service cannot be subject to an exclusion under your Plan (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your Plan.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is Experimental / Investigative as those terms are defined in this booklet.

For admissions following an Emergency, you, your authorized representative or Physician must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient Hospital stays for mastectomy surgery, including the length of Hospital stays associated with mastectomy, precertification is not needed.

UTILIZATION REVIEW PROGRAMS

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
 - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any Physician with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

The appropriate utilization reviews must be performed in accordance with this plan. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. When pre-service review is performed and the admission, procedure or service is determined to be Medically Necessary and appropriate, benefits will be provided for the following. If review results in the determination that part or all of the services were not Medically Necessary and appropriate, benefits will not be paid for those services.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are Medically Necessary) include, but are not limited to, the following:

- All scheduled, non-Emergency Inpatient Hospital Stays and Residential Treatment Center admissions.

Exceptions: Pre-service review is not required for Inpatient Hospital Stays for the following services:

- ◆ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
 - ◆ Mastectomy and lymph node dissection.
- Specific non-Emergency outpatient services, including diagnostic treatment and other services.
 - Specific outpatient surgeries performed in an outpatient facility or a doctor's office.
 - Transplant Services as follows:
 - a. For bone, skin or cornea transplants, if the Physicians on the surgical team and the facility in which the transplant is to take place are approved by us for the transplant requested.
 - b. For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) facility.
 - Air ambulance in a non-medical Emergency.

UTILIZATION REVIEW PROGRAMS

- Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS – MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a Physician.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, Participating Providers know which services need precertification and will get any precertification when needed. Your Physician and other Participating Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, Hospital or attending Physician (“requesting provider”) will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
Participating Providers	Provider	<ul style="list-style-type: none">• The provider must get precertification when required.

HOW DECISIONS ARE MADE

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. Anthem reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, please refer to the YOUR RIGHT TO APPEALS section to see what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

Anthem will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your Plan was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

UTILIZATION REVIEW PROGRAMS

If more information is needed to make our decision, we will tell the requesting Physician of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.

We will notify you and your Physician of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Revoking or modifying a Precertification Review decision. We will determine **in advance** whether certain services (including procedures and admissions) are Medically Necessary and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- The Member's coverage under this plan ends;
- The agreement with the PORAC and Anthem terminates;
- You reach a benefit maximum that applies to the services in question; or
- Your benefits under the plan change so that the services in question are no longer covered or are covered in a different way.

For a copy of the medical necessity review process, please contact member services at the telephone number on the back of your Member ID card.

QUESTIONS ABOUT OR DISAGREEMENTS WITH UTILIZATION REVIEW DETERMINATIONS

- A. If the Member or the Member's Physician disagrees with a decision or questions how it was reached, the Member or the Member's Physician may request reconsideration. Requests for reconsideration (either by telephone or in writing) must be directed to the reviewer making the determination. The address and the telephone number of the reviewer are included on the Member's written notice of determination. Written requests must include medical information that supports the medical necessity of the services.
- B. If the Member, the Member's representative or the Member's Physician acting on the Member's behalf find the reconsidered decision still unsatisfactory, a request for an appeal of the reconsidered decision may be submitted in writing to Anthem.
- C. In the event that the appeal decision still is unsatisfactory, the Member's remedy may be binding arbitration as stated elsewhere in this Evidence of Coverage.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, Anthem may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in Anthem's discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, Anthem may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. Anthem may also exempt claims from medical review if certain conditions apply.

If Anthem exempts a process, health care provider, or claim from the standards that would otherwise apply, Anthem is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or Member. Anthem may stop or modify any such exemption with or without advance notice.

UTILIZATION REVIEW PROGRAMS

Anthem also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then Anthem may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this plan's Members.

You may determine whether a health care provider participates in certain programs by checking Anthem's online provider directory on the website at www.anthem.com/ca or by calling the member services telephone number listed on your ID card.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables Anthem to assist the Member to obtain medically appropriate care in a more economical, cost effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, Anthem discusses possible options for an alternative plan of treatment which may include services not covered under this plan. It is not the Member's right to receive individual case management, nor does Anthem have an obligation to provide it; Anthem provides these services at its sole and absolute discretion.

How Health Plan Individual Case Management Works

Anthem's personal case management program (Case Management) helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Anthem's programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Anthem's Case Management programs are confidential and voluntary, and are made available at no extra cost to the Member. These programs are provided by, or on behalf of and at the request of, the Member's health plan case management staff. These Case Management programs are separate from any covered services the Member is receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Physicians, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, Anthem may provide benefits for alternate case that is not listed as a covered service. We may also extend services beyond the benefit maximums of this Plan. Anthem will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of the member and us and the member or member's authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate Anthem to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify the Member or the Member's authorized representative in writing.

PREScription DRUG BENEFITS

Benefits for Prescription Drugs are determined by the type of pharmaceutical provider the Member chooses and the type of Drug provided. A Member can choose to have his or her Prescriptions filled by Participating Pharmacies, Non-Participating Pharmacies, or through the home delivery program. The Member can also choose between Generic Drugs, Brand Name Drugs on the Prescription Drug Formulary list, or non-Formulary Brand Name Drugs. However, the amount the Member will pay for his or her Prescription is affected by these choices.

PARTICIPATING PHARMACIES

When the Member presents his or her plastic Identification Card to a Participating Pharmacy to have a Prescription filled, the Member will only pay the applicable copayment amount for each covered Prescription and each refill. The Member may call **1-800-700-2541** (or TTY/TDD 1-800-905-9821) for assistance in locating a Participating Pharmacy.

Generic Drugs will be dispensed by Participating Pharmacies when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug will be substituted. Brand Name Drugs will be dispensed by Participating Pharmacies when the Prescription specifies a Brand Name Drug and states "dispense as written" or no Generic Drug equivalent exists.

Please note that presentation of a Prescription to a Pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a Prescription to a Participating Pharmacy, and the Participating Pharmacy indicates your Prescription cannot be filled or requires an additional copayment, this is not considered an adverse claim decision. If you want the Prescription filled, you will have to pay either the full cost or the additional copayment for the Prescription Drug. If you believe you are entitled to some plan benefits in connection with the Prescription Drug, submit a claim for reimbursement to the Pharmacy Benefits Manager at the address shown below:

**Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Participating Pharmacies usually have claims forms, but, if the Participating Pharmacy does not have claim forms, claim forms and member services are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim, with the appropriate portion completed by the pharmacist, to the Pharmacy Benefits Manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

Important Note: If we determine that you may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of Participating Pharmacies may be limited. If this happens, we may require you to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single Participating Pharmacy. We will contact you if we determine that use of a single Participating Pharmacy is needed and give you options as to which Participating Pharmacy you may use. If you do not select one of the Participating Pharmacies we offer within 31 days, we will select a single Participating Pharmacy for you. If you disagree with our decision, you may ask us to reconsider it as described in YOUR RIGHT TO APPEALS.

PRESCRIPTION DRUG BENEFITS

NON-PARTICIPATING PHARMACIES

When the Member goes to a Non-Participating Pharmacy to purchase a Prescription Drug, the Member must pay the full cost of the Drug and submit a claim to the Pharmacy Benefits Manager at the address below:

**Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Non-Participating Pharmacies do not have the Prescription Drug claim forms. The Member must bring a claim form to the Non-Participating Pharmacy and have the pharmacist complete the pharmacy portion of the form and sign it.

Claim forms and member services are available by calling **1-800-700-2541** (or TTY/TDD 1-800-905-9821). The Member must mail the claim form with the appropriate portion completed by the pharmacist to the Pharmacy Benefits Manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to 12 months will be allowed. The Member will be reimbursed according to the procedures described under the REIMBURSEMENT provision of this section.

HOME DELIVERY PROGRAM

You can order your Prescription through the Home Delivery Prescription Drug program, however, not all medications are available through the home delivery pharmacy. For any available Prescription Drugs ordered through the home delivery program, the Member will only pay the applicable copayment amount. Prescriptions can be filled through the home delivery program for up to a 90-day supply, whichever is greater.

The Prescription must state the Drug name, dosage, directions for use, quantity, Physician's name and phone number, patient's name and address, and be signed by a Physician. The Member must submit the Prescription with the appropriate payment for the amount of copayment (**\$20, \$40 or \$75**) and a properly completed order form. (If you are not sure what your copayment amount is, you may call the toll-free phone number listed below for assistance.) Additional cost, if any, resulting from the purchase of a Brand Name Drug will be billed to the Member.

The Member's first home delivery program Prescription must also include a completed patient profile questionnaire. The patient profile questionnaire can be obtained by calling the toll-free number below. The Member need only enclose the Prescription or refill notice and the appropriate payment for any subsequent home delivery program Prescriptions, or call the toll-free number. Copayments can be paid by check, money order or credit card.

To obtain order forms or verify whether the Drug is available through the home delivery program, contact Anthem at **1-800-700-2541** (or TTY/TDD 1-800-905-9821). The form is also available on-line at www.anthem.com/ca.

Generic Drugs will be dispensed through the home delivery program when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug will be substituted. Brand Name Drugs will be dispensed through the home delivery program when the Prescription specifies a Brand Name and states "dispense as written" or when no Generic Drug equivalent exists.

PRESCRIPTION DRUG BENEFITS

SPECIALTY DRUG PROGRAM

Certain specified Specialty Drugs must be obtained through the specialty drug program unless the Member is given an exception from the specialty drug program (see PRESCRIPTION DRUG CONDITIONS OF SERVICE on pages 63-65 of this section). These specified Specialty Drugs that must be obtained through the Specialty Drug Program are limited to up to a 30-day supply. The Specialty Drug Program will deliver the Member's medication by mail or common carrier (You cannot pick up your medication at Anthem).

The Prescription for the Specialty Drug must state the Drug name, dosage, directions for use, quantity, Physician's name and phone number, patient's name and address, and be signed by a Physician.

The Member or Member's Physician may order the Member's Specialty Drug by calling 1-800-700-2541. When the Member calls the Specialty Drug Program, a dedicated care coordinator will guide the Member through the process up to and including actual delivery of the Member's Specialty Drug to the Member. (If you order your Specialty Drug by telephone, you will need to use a credit card or debit card to pay for it.) The Member may also submit a Prescription for a Specialty Drug with the appropriate payment for the amount of the purchase (You can pay by check, money order, credit card or debit card), and a properly completed order form to the Specialty Drug Program. The Member will only have to pay the cost of the applicable copayment as shown under COPAYMENTS AT A RETAIL PHARMACY or COPAYMENTS THROUGH THE HOME DELIVERY PROGRAM of this section.

With few exceptions, most orally administered anti-cancer medications are considered Specialty Drugs. For orally administered anti-cancer medications, the Prescription Drug deductible, if any, will not apply and the copayment will not exceed the lesser of the applicable copayment shown in the SUMMARY OF BENEFITS or \$200 for a 30-day supply for medications obtained at a retail Pharmacy or \$600 for a 90-day supply for medications obtained through home delivery.

The first time the Member gets a Prescription for a Specialty Drug the Member must also include a completed intake referral form. The intake referral form is to be completed by calling the toll-free number below. The Member need only enclose the Prescription or refill notice and the appropriate payment for any subsequent Specialty Drug Prescriptions, or call the toll-free number. Copayments can be made by check, money order, credit card or debit card.

The Member or Member's Physician may obtain order forms or a list of Specialty Drugs that must be obtained through the specialty drug program by contacting Member Services at the number listed on their ID card or accessing the Web site at www.anthem.com/ca.

Specified Specialty Drugs must be obtained through the Specialty Drug Program. If the Member does not get Specialty Drugs through the specialty drug program, and the Member does not have an exception, the Member will not receive any benefits under this plan for such Drugs.

The result is the amount for which the Member will be reimbursed. The Member is responsible for any copayment, plus any amount exceeding Prescription Drug Covered Expense as well as the cost of any non-covered items.

PREScription DRUG OUT-OF-POCKET AMOUNTS

If a Member pays Prescription Drug copayments equal to the Prescription Drug out-of-pocket amount per Member during a Calendar Year, the Member will no longer be required to make copayments for any Prescription Drug Covered Expense the Member incurs during the remainder of that Calendar Year.

- A. It must be prescribed by a licensed prescriber and be dispensed within one year of being prescribed, subject to federal and state laws.
- B. It must be approved for general use by the federal Food and Drug Administration (FDA).
- C. It must be for the direct care and treatment of the Member's illness, injury or condition. Dietary supplements, health aids or Drugs for cosmetic purposes are not included. However the following items are covered:

- E. **An approved Compound Medication must be dispensed by a Participating Pharmacy.** Call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to find out where to take the Member's Prescription for an approved Compound Medication to be filled. (You can also find a listing of Participating Pharmacies online at www.anthem.com/ca.) **Some Compound Medications must be approved before the Member can get them** (See PRESCRIPTION DRUG FORMULARY on pages 68 to 71 of this section). **The Member will have to pay the full cost of any Compound Medication the Member gets from a Non-Participating Pharmacy.**
- F. **A specified Specialty Drug must be obtained by using the specialty drug program.** See SPECIALTY DRUG PROGRAM on page 60 of this section for information on how to get the Member's Drugs by using the specialty drug program. **The Member will have to pay the full cost of any Specialty Drug the Member gets from a retail Pharmacy that should have been obtained from the specialty drug program. If a Member orders a Specialty Drug that must be obtained using the specialty drug program through the home delivery program, it will be forwarded to the specialty drug program for processing and will be processed according to specialty drug program rules.**

PREScription DRUG BENEFITS

How to obtain an exception to the specialty drug program. If the Member believes that he or she should not be required to get his or her medication through the specialty drug program, for any of the reasons listed above, except item d, the Member must complete an Exception to Specialty Drug Program form to request an exception and send this form to the Pharmacy Benefits Manager. If the Member needs a copy of the form, he or she may call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request one. The Member can also get the form on-line at www.anthem.com/ca. If we have given the Member an exception, it will be good for a limited period of time based on the reason for the exception. When the exception period ends, if the Member believes that he or she should still not be required to get his or her medication through the specialty drug program, the Member must again request an exception. If Anthem denies the Member's request for an exception, it will be in writing and will tell the Member why the exception was not approved.

Urgent or emergency need of a Specialty Drug subject to the specialty drug program. If the Member is out of a Specialty Drug which must be obtained through the specialty drug program, Anthem will authorize an override of the specialty drug program requirement for 72 hours, or until the next business day following a holiday or weekend, to allow the Member to get an emergency supply of medication if his or her Physician decides that it is appropriate and Medically Necessary. The Member may have to pay the applicable copayment, shown under COPAYMENTS AT A RETAIL PHARMACY or COPAYMENTS THROUGHT THE HOME DELIVERY PROGRAM of this section, for the 72-hour supply of his or her Drug.

If the Member orders his or her Specialty Pharmacy through the specialty drug program and it does not arrive, if the Member's Physician decides that it is Medically Necessary for the Member to have the Drug immediately, Anthem will authorize an override of the specialty drug program requirement for a 30-day supply or less, to allow the Member to get an emergency supply of medication from a Participating Pharmacy. A dedicated care coordinator from the specialty drug program will coordinate the exception, and the Member will not be required to make an additional copayment.

Also, it must not be dispensed in or administered by a Hospital, Skilled Nursing Facility, rest home, sanitorium, convalescent hospital, or similar facility. Other drugs that may be prescribed by the Member's Physician while the Member is confined in a rest home, sanitorium, convalescent hospital or similar facility, may be purchased at a Pharmacy by the Member, or a friend, relative or care giver on your behalf, and are covered under this Prescription Drug benefit.
- H. For a retail Pharmacy, the Prescription must not exceed the greater of a 34-day supply.

Drugs federally-classified as Schedule II which are FDA-approved for treatment of attention deficit disorder and that require a triplicate prescription form must not exceed a 60-day supply. If the Physician prescribes a 60-day supply for Drugs classified as Schedule II for the treatment of attention deficit disorders, the Member has to pay double the amount of copayment for retail Pharmacies. If the Drugs are obtained through the home delivery program, the copayment will remain the same as for any other Prescription Drug.

FDA-approved smoking cessation products and over-the-counter nicotine replacement products are limited as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS.

PREScription DRUG PROGRAM UTILIZATION REVIEW

These Prescription Drug benefits include utilization review of Prescription Drug usage for the Member's health and safety. If there are patterns of over-utilization or misuse of Drugs, our medical consultant will notify the Member's personal Physician and pharmacist. We reserve the right to limit benefits as a result of over-utilization of Drugs.

PREScription DRUG FORMULARY

We use a Prescription Drug Formulary to help your Physician make prescribing decisions. The presence of a Drug on the plan's Prescription Drug Formulary list does not guarantee that you will be prescribed that Drug by your Physician. This list of outpatient Prescription Drugs is developed by a committee of Physicians and pharmacists to determine which medications are sound, therapeutic and cost effective choices. These medications, which include both Generic and Brand Name Drugs, are listed in the Prescription Drug Formulary. The Formulary is updated quarterly to ensure that the list includes Drugs that are safe and effective. Note: The Formulary Drugs may change from time to time.

Some Drugs may require prior authorization. If you have a question regarding whether a particular Drug is on our Formulary Drug list or requires prior authorization, please call member services at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Information about the Drugs on Anthem's Formulary Drug list is also available on their website at www.anthem.com/ca.

PREScription DRUG BENEFITS

Exception request for a drug not on the prescription drug formulary (non-formulary exceptions).

Your Prescription Drug benefit covers those Drugs listed on our Prescription Drug Formulary. This Prescription Drug Formulary contains a limited number of Prescription Drugs, and may be different than the Prescription Drug Formulary for other Anthem products. **In cases where your Physician prescribes a medication that is not on the Prescription Drug Formulary, it may be necessary to obtain a non-formulary exception in order for the Prescription Drug to be a covered benefit. Your Physician must complete a non-formulary exception form and return it to us. You or your Physician can get the form online at www.anthem.com or by calling the number listed on the back of your ID card.**

When we receive a non-formulary exception request, we will make a coverage decision within a certain period of time, depending on whether exigent circumstances exist.

Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan. In this case, we will make a coverage decision within 24 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. If we deny coverage of the Drug, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency.

When exigent circumstances do not exist, we will make a coverage decision within 72 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the Prescription, including refills. If we deny coverage of the Drug, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the Prescription.

Requesting a non-formulary exception or having an IRO review your request for a non-formulary exception does not affect your right to submit an appeal. Please see the section entitled YOUR RIGHT TO APPEALS for details.

Coverage of a Drug approved as a result of your request or your Physician's request for an exception will only be provided if you are a Member enrolled under the Plan.

Prior Authorization. Physicians must obtain prior authorization in order for you to get benefits for certain Prescription Drugs. At times, your Physician will initiate a prior authorization on your behalf before your Pharmacy fills your prescription. At other times, the Pharmacy may make you or your Physician aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Physician qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),

PREScription DRUG BENEFITS

- Step therapy requiring one Prescription Drug, a Prescription Drug regimen or another treatment be used prior to use of another Prescription Drug or Prescription Drug regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another.
- Use of a Prescription Drug Formulary.

You or your Physician can get the list of the Prescription Drug that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Physician may check with us to verify Prescription Drug, to find out which Prescription Drugs are covered under this section and if any drug edits apply.

In order for the Member to get a Drug that requires prior authorization, the Member's Physician must send a written request to Anthem for the Drug using the required uniform prior authorization request form. The request can be sent to Anthem by mail, facsimile, or it may be submitted electronically. The Physician may call Anthem toll-free at 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request a copy of the form. This form is also available on-line at www.anthem.com/ca.

Upon receiving the completed uniform prior authorization request form. Anthem will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a Drug not covered by the Plan.

While Anthem is reviewing the request, a 72-hour Emergency supply of medication may be dispensed to the Member if the Member's Physician or pharmacist determines that it is appropriate and Medically Necessary. The Member may have to pay the applicable copayment, shown in SUMMARY OF BENEFITS section on page 6 and under COPAYMENTS AT A RETAIL PHARMACY on page 61 of this section, for the 72-hour supply of the Drug. If the request for the Specialty Pharmacy Drug is approved after the Member has received a 72-hour supply, the Member will receive the remainder of the 30-day supply of the Drug with no additional copayment.

If you have any questions regarding whether a Drug is on the Prescription Drug Formulary or requires prior authorization, please call 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Information about the Drugs on Anthem's Formulary Drug list is also available on their website at www.anthem.com/ca.

If we deny a request for prior authorization of a Drug that is not part of our Formulary Drug list, you or your prescribing Physician may appeal our decision by calling Anthem at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are not satisfied with the resolution of your inquiry, you may file a grievance with Anthem by following the procedures described in the section entitled YOUR RIGHT TO APPEALS.

Revoking or modifying a prior authorization. A prior authorization of benefits for Prescription Drugs may be revoked or modified prior to your receiving the Drugs for reasons including but not limited to the following:

- The Member's coverage under this plan ends;
- The Agreement with the PORAC and Anthem terminates;

PRESCRIPTION DRUG BENEFITS

- The Member reaches a benefit maximum that applies to Prescription Drugs, if the plan includes such a maximum;
- Prescription Drug benefits under the plan change so that Prescription Drugs are no longer covered or are covered in a different way.

A revocation or modification of a prior authorization of benefits for Prescription Drugs applies only to unfilled portions or remaining refills of the Prescription, if any, and not to Drugs you have already received.

The outpatient Prescription Drugs included on the list of Formulary Drugs covered by the plan is decided by the Pharmacy and Therapeutics Process which is comprised of independent nurses, Physicians and pharmacists. The Pharmacy and Therapeutics Process meets quarterly and decides on changes to make in the Formulary Drug list based on recommendations from Anthem and a review of relevant information, including current medical literature.

SERVICES COVERED BY OTHER BENEFITS

When expense incurred for a service or supply is covered under another benefit section of this Evidence of Coverage, that expense is not included as covered expense under this PRESCRIPTION DRUG BENEFITS section.

COORDINATION OF BENEFITS

Benefits payable hereunder are subject to reduction, as set forth in the Plan, if the Member has other group coverage providing hospital, surgical or medical benefits. Such reduction will preclude the Member's receiving an aggregate of more than 100 percent of the Maximum Allowed Amount from all group coverages.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the Plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The Plan has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The Plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the Plan to exercise the Plan's rights and do nothing to prejudice those rights. For example, you must complete a questionnaire regarding the incident caused by the responsible party and a Lien and Subrogation Agreement. Completion of the Agreement is a condition of eligibility for benefits under the Plan. Failure to sign the Agreement or breach of such Agreement will be grounds for denying benefits or recovery under the Plan whether or not those benefits relate to the incident involving the responsible party.
- In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- The Plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by you, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Reimbursement

If you obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the Plan from any Recovery to the extent of benefits the Plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery. Further, the Plan's rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the Plan the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the Plan immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset
- Any Recovery you obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these provisions.
- You must reimburse the Plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.
- If you fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:
 1. The amount the Plan paid on your behalf is not repaid or otherwise recovered by the Plan; or
 2. You fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.
- The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse you.
- The Plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by the Plan.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that you or your legal representative fail to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You must not do anything to prejudice the Plan's rights.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.

- You must promptly notify the Plan if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The Insurance and Benefits Trust of PORAC (IBT of PORAC), which is the plan administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this Plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

THIRD PARTY LIABILITY

If you receive medical services covered by the Plan for injuries caused by the act or omission of another person (a "third party"), you agree to:

1. promptly assign your rights to reimbursement from any source for the costs of such covered services; and
2. reimburse the Plan, to the extent of benefits provided, immediately upon collection of damages by you for such injury from any source, including any applicable automobile uninsured or underinsured motorist coverage, whether by action of law, settlement, or otherwise; and
3. provide the Plan with a lien, to the extent of benefits provided by the Plan, upon your claim against or because of the third party. The lien may be filed with the third party, the third party's agent, the insurance company, or the court; and
4. the release of all information, medical or otherwise, which may be relevant to the identification of and collection from parties responsible for your illness or injury; and
5. notify Anthem of any claim filed against a third party for recovery of the cost of medical services obtained for injuries caused by the third party; and
6. cooperate with CalPERS, Anthem and the IBT of PORAC in protecting the lien rights of the Plan against any recovery from the third party; and

7. obtain written consent from IBT of PORAC prior to settling any claim with the third party that would release the third party from the lien or limit the rights of the Plan to recovery.

Pursuant to Government Code section 22947, a Member (or his/her attorney) must immediately notify the Plan, via certified mail, of the existence of any claim or action against a third party for injuries allegedly caused by the third party. Notices of third party claims and actions must be sent to:

Anthem Blue Cross
P.O. Box 60007
Los Angeles, CA 90060-0007

The Plan has the right to assert a lien for costs of health benefits paid on behalf of a plan Member against any settlement with, or arbitration award or judgment against, a third party. The Plan will be entitled to collect on its lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

WORKERS' COMPENSATION INSURANCE

If, pursuant to any Workers' Compensation or Employer's Liability Law or other legislation of similar purpose or import, a third party is responsible for all or part of the cost of health services provided by the Plan, and such third party disputes that responsibility, then we shall provide the benefits of the Plan and we shall automatically acquire thereby, by operation of law, a lien to the extent of benefits paid by Anthem. The Member agrees to take no action that may prejudice our rights under such lien. The lien may be filed with the responsible third party, his or her agent, or the court, and we may exercise all rights available to it as a lien holder.

For purposes of this subsection, reasonable value shall be determined to be the usual, customary or reasonable charge for services in the geographic area where the services are rendered.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

If a Member is eligible for Medicare Parts A and B, the Member shall **not** be enrolled in a basic health benefits plan (including the PORAC PPO [non-California resident] Plan) in accordance with Section 22844 of the Act. CalPERS will provide the Member with information regarding his or her eligibility for a supplement to original Medicare plan.

Exception: For treatment of end-stage renal disease after the first 30 months, a Member who is enrolled in Medicare will remain enrolled in the Basic Plan, but the benefits of this plan will be reduced. When the Member incurs covered charges under this plan, we will determine payment according to the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits with Medicare" below.

When Medicare is the primary payer for a Member, covered charges for covered services is determined as stated under Exception in the section YOUR MEDICAL BENEFITS - MAXIMUM ALLOWED AMOUNT.

If you have questions about your eligibility for a Basic or Supplement Plan, please contact CalPERS at **888 CalPERS** (or **888-225-7377**).

COORDINATING BENEFITS WITH MEDICARE

We will not provide benefits under this plan that duplicate any benefits to which a Member would be entitled under Medicare. This exclusion applies to all parts of Medicare in which the Member can enroll without paying additional premium. If the Member is required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if the Member is enrolled in that part.

If a Member is entitled to Medicare, his or her Medicare coverage will not affect the services covered under this plan except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and this plan.
2. For services the Member receives that are covered both by Medicare Part A or B and this plan, coverage under this plan will apply only to Medicare Part A or B deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
3. If the Member elects to enroll in Medicare voluntary outpatient Prescription Drug benefits (Part D), the Member will **not** receive any benefits under the PRESCRIPTION DRUG BENEFITS section of this plan.
4. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this plan will not exceed the Maximum Allowed Amount for the covered services.

Any charges paid by Medicare Part A or B benefits for services covered under this plan will be applied toward this plan's deductible, if any.

ENROLLMENT PROVISIONS

ELIGIBILITY FOR ENROLLMENT

- A. Eligibility and enrollment is restricted to members of the Peace Officers Research Association of California (PORAC) and their eligible Family Members, who meet the requirements to participate in this Plan as established by the Insurance and Benefits Trust of PORAC (IBT of PORAC).

Family Member means the spouse or Domestic Partner and children of an Employee or Annuitant who qualify under Articles 1 and 5 of the Act and Sections 599.500, 599.501 and 599.502 of the Regulations attendant to the Public Employees' Medical and Hospital Care Act ("PEMHCA" or "Act"). Such children include: (1) the Employee's or Annuitant's adopted, step or recognized natural child up to age 26, and (2) any other child up to age 26 for whom the Employee or Annuitant has intentionally assumed a parent-child relationship or assumed parental duties, except for a foster child, as certified by the Employee or Annuitant at the time of the child's enrollment, and annually thereafter.

A child who meets either of the preceding requirements may be eligible for coverage beyond age 26 if the child at the time of attaining age 26, is already enrolled in the plan and is incapable of self-support because of a physical or mental disability which existed continuously from a date prior to the child's attainment of age 26. Such a child will be eligible for continued coverage beyond age 26 until the termination of his or her incapacity, subject to all other termination provisions or other limits of the plan. Satisfactory evidence of the child's disability must be filed with the plan during the period 60 days before the child's 26th birthday or the 60-day period after the child's 26th birthday.

A Domestic Partner must meet the criteria provided in Section 22770 of the Act to be eligible for coverage. Generally, this means that the individual must be either an Employee's or Annuitant's domestic partner pursuant to: (1) a registered domestic partnership as provided in California Family Code Section 297; or (2) a union of two persons of the same sex, other than a marriage, that was validly formed in another jurisdiction, and that is substantially equivalent to a domestic partnership as defined in California Family Code Section 297, regardless of whether it bears the name "domestic partnership" (see California Family Code Section 299.2).

Under the Act, if you are Medicare-eligible and **do not** enroll in Medicare Parts A and B and a CalPERS Medicare health plan, you and your enrolled Dependents will be excluded from coverage under the CalPERS program.

- B. An Employee, Annuitant or a Family Member shall not be eligible for enrollment with Anthem while enrolled under any of the Board's alternative medical and hospital benefit programs.

ENROLLMENT PROVISIONS

COMMENCEMENT OF COVERAGE

After fulfilling the Conditions of Enrollment as stated in ENROLLMENT PROVISIONS, coverage shall commence for a Subscriber and his or her Family Members at 12:01 a.m. on the date set forth in the Act.

TERMINATION AND RELATED PROVISIONS

TERMINATION OF THE AGREEMENT

This plan may be terminated by the Board, the Insurance and Benefits Trust of PORAC, or Anthem according to the provisions set forth in the Agreement.

TERMINATION OF COVERAGE

Coverage may be terminated for individual Members by any of the following conditions, subject, however, to the provisions for extensions of coverage required by Section 599.508 (a) (5) of the Regulations, the continuation benefits provided under CONTINUATION OF GROUP COVERAGE and TERMINAL BENEFITS:

1. By the Board's termination of the Memorandum of Agreement.
2. By Anthem Blue Cross's termination of the Agreement.
3. By voluntary cancellation by the Subscriber or Family Member in accordance with Section 599.505 of the Act. In the event of such voluntary cancellation, the Member shall cease to be covered hereunder without notice from the Employer or Anthem Blue Cross at midnight of the day on which such cancellation becomes effective in accordance with Section 599.505 of the Regulations.
4. If a Subscriber or Family Member ceases to be eligible for coverage in accordance with Section 599.506 of the Act.

IMPORTANT NOTE: The Subscriber may be held liable retroactively for any services provided to ineligible Dependents. It is the Subscriber's responsibility to report any changes in a Family Member's status to his or her Employer in a timely manner. Subscriber or Family Members who lose eligibility according to the above criteria may be entitled to continue coverage under the terms of the CONTINUATION OF GROUP COVERAGE section which follows.

OPEN ENROLLMENT

Members who have voluntarily cancelled enrollment with Anthem may apply for reenrollment during the Open Enrollment Period.

CONTINUATION OF GROUP COVERAGE

CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT (COBRA)

A. Eligibility for Continuation - Qualifying Events

Under the Act and Regulations, all CalPERS Employers are subject to the Consolidated Omnibus Reconciliation Budget Act of 1985 (COBRA). Under COBRA, Subscribers or Family Members may choose to continue coverage under the Plan if it would otherwise end for any of the reasons shown below. These are called qualifying events, and they are:

For Subscriber and Family Members . . .

1. The Subscriber's termination of employment, for any reason other than gross misconduct;
2. Loss of coverage under an employer's health plan due to a reduction in the Subscriber's work hours;
3. For Members who may be covered as retirees, cancellation of that retiree coverage due to the Employer's filing for protection under the bankruptcy law (Chapter 11), provided the Member was covered prior to the filing of bankruptcy.

For Family Members . . .

4. The death of the Subscriber;
5. The spouse's divorce or legal separation from the Subscriber, or if the spouse vacates the residence shared with the Subscriber;
6. The end of a child's status as a Family Member, in accordance with the Act and Regulations.
7. The Subscriber's entitlement to Medicare.

B. Requirements for Continuation

1. Notice

For qualifying events 1, 2 or 3 above, the Subscriber's Employer will notify the Subscriber of the right to continue coverage. For qualifying events 4 and 7, a Family Member will be notified of the continuation right. Anyone choosing to continue coverage must so notify the Board within 60 days of the date they receive notice of their continuation right.

In the event of an annuitant's death, it is the Family Member's responsibility to notify the Board within 30 days of the date of such qualifying event.

The member must inform the Board of qualifying events 5 or 6 above within 60 days of such event if the Family Member wishes to continue coverage. If the Subscriber or Family Member fails to provide such timely notice to the Board, then such person shall not be entitled to elect continuation coverage.

Within 14 days of receipt of timely notice of a qualifying event, the Board shall provide written notice to eligible Subscribers and Family Members of their continuation right at the address of such persons on the records of the Board. Such notice to an Employee or Annuitant shall be deemed notice to all other eligible Family Members residing with such Employee, Annuitant or spouse at the time such notification is made.

CONTINUATION OF GROUP COVERAGE

The continuation coverage may be chosen for all Members within a family, or only for selected Members. However, if a Member fails to elect the continuation when first eligible, that person may not elect the continuation at a later date.

Once the continuation of coverage under the Plan is elected, written notice of his/her rights to continuation of coverage shall be sent to each covered Subscriber. In addition to the notice, an Evidence of Coverage booklet shall be sent to each enrolled Subscriber at the address on enrollment document(s) and shall be deemed notice to such Subscriber and his/her spouse.

2. Family Members Acquired During Continuation

A spouse or child newly acquired during the continuation period is eligible to be enrolled as a Family Member. The standard enrollment provisions of the Act and Regulations apply to enrollees during the continuation period. A Family Member acquired and enrolled during the period of continuation coverage which resulted from the original qualifying event is not eligible for a separate continuation if a subsequent qualifying event results in the person's loss of coverage*.

*Exception: A child who is born to, or placed for adoption with the Subscriber during the COBRA continuation period will be eligible for a separate continuation if a subsequent qualifying event results in the person's loss of coverage.

3. Cost of Coverage

The benefits of continuation coverage are identical to the benefits in this Evidence of Coverage. The cost for this continuation coverage, called the "premium", must be paid each month during the COBRA continuation period to keep the continuation in force. The premium for continuation coverage may not exceed 102 percent of the prepayment fees specified for coverage under the Plan or any amendment, renewal or replacement of this plan. An eligible Subscriber or his/her eligible Family Member(s) electing continuation coverage shall pay to Anthem the premium for continuation coverage not later than the following dates:

- a. If such election is made before the qualifying event, the premium may be paid with the written election, in the amount required for the first month of continuation coverage.
- b. If such election is made after coverage is terminated due to a qualifying event, the premium for the period of continuation of coverage preceding the election shall be made within 45 days of the election together with the premium for the period beginning with the date of election and ending on the last day of the month in which the premium is paid for the period preceding the election. It is the intention of this provision to require that the initial premium payment include premiums due for continuation coverage from the date coverage terminates under the group plan to the end of the month in which the initial premium is paid.

Thereafter, the required premium shall be paid on or before the first day of each month for which continuation coverage is to be provided. If any premium for continuation coverage is not paid when due, Anthem may issue a notice of cancellation of continuation of coverage. If payment is not received within 15 days of issuance of such notice of cancellation, we may cancel the continuation coverage on the sixteenth day following issuance of notice of cancellation. Termination of coverage shall be retroactive to the first day of the month for which the required premium has not been received.

CONTINUATION OF GROUP COVERAGE

For a Subscriber who is eligible for an extension of continuation coverage due to having been determined by the Social Security Administration to be totally and permanently disabled, we shall charge 150 percent of the Subscriber's premium prior to the disability. We must receive timely payment of the premium charge each month in order to maintain the coverage in force.

If a second Qualifying Event (as shown below) occurs during this extended continuation, the total COBRA continuation may continue up to 36 months from the date of the first Qualifying Event. The premium charge shall then be 150 percent of the applicable rate for the 19th through 36th month.

For purposes of determining premium charges payable for continued coverage, a person originally covered as a spouse will be treated as the Subscriber if coverage is continued for him/herself alone. If such spouse and his or her child(ren) enroll, the premium charge payable will depend upon the number of persons covered. Each child continuing coverage other than as a Dependent of a Subscriber will pay the premium rate applicable to a Subscriber (if more than one child is so enrolled, the premium will be the two-party or three-party rate depending upon the number of children enrolled).

4. Subsequent Qualifying Events

Once covered under the continuation plan, it's possible for a second qualifying event to occur. If that happens, a Family Member may be entitled to a second continuation period. This period will in no event continue beyond 36 months from the date the Member's coverage terminated due to the first qualifying event. Except for newborn or newly adopted children as described above, only a Member covered prior to the original qualifying event is eligible to continue coverage again as the result of a later qualifying event. A Family Member acquired during the continuation coverage is not eligible to continue coverage as the result of a later qualifying event, with the exception of newborns and adoptees as described above.

(For example: Continuation may begin due to termination of employment. During the continuation, if a child reaches the proper age limit of the plan, the child is eligible for a second continuation period. This second continuation would end no later than 36 months from the date coverage was terminated due to the first qualifying event - the termination of employment.)

5. When Continuation Coverage Begins

When continuation coverage is elected and the premium charge paid, coverage is reinstated back to the date the Member's coverage was terminated due to the qualifying event, so that no break in coverage occurs. Coverage for Family Members acquired and properly enrolled during the continuation begins in accordance with the enrollment provisions of the Act and Regulations.

C. When The Continuation Ends

This continuation will end on the earliest of:

1. The end of 18 months from the date the Member's coverage terminates, if the qualifying event was termination of employment or reduction in work hours. For a Member whose continuation coverage began under a prior plan, this term will be dated from the time the Member's coverage terminates under that prior plan due to the qualifying event.

CONTINUATION OF GROUP COVERAGE

Exceptions: A qualified beneficiary whose coverage is continued may extend that continuation coverage, provided that:

- a. the disabled Member has been determined by the Social Security Administration to be totally and permanently disabled according to the statutory requirements of either Title II or Title XVI of the Social Security Act. The extension applies to all covered Members as well as the disabled Member. The disabled Member must furnish proof of the Social Security Administration's determination to his/her Employer during the first 18 months of COBRA continuation, but no later than 60 days after the later of the following events:
 - i. the date of the Social Security Administration's determination of the Member's disability;
 - ii. the date on which the original Qualifying Event occurs;
 - iii. the date on which the qualified beneficiary loses coverage; or
 - iv. the date on which the qualified beneficiary is informed of the obligation to provide the disability notice.

The period of continuation will in no event continue beyond (1) the period of disability, or (2) a maximum of 29 months after the date the Subscriber's coverage terminated due to the loss of employment, whichever occurs first.

2. The end of 36 months from the date the Member's coverage terminates, if the qualifying event was the death of the Subscriber; divorce, legal separation, or the spouse vacates the residence shared with the Subscriber; or the end of Dependent child status. For a Member whose continuation coverage began under a prior plan, this term will be dated from the time the Member's coverage terminated under that prior plan due to the qualifying event.
3. The end of 36 months from the date the Subscriber became entitled to Medicare, if the qualifying event was the Subscriber's entitlement to Medicare.
4. The date the Plan terminates.
5. The end of the last period for which the final premium charge was paid.
6. The date after the date of election of COBRA, the Member first becomes eligible for Medicare.
7. The date after the date of election of COBRA, the Member first becomes covered under any other group health plan.

In the event that the Member is eligible for both continuation coverage and coverage under any other group health plan, the continuation benefits may be reduced so that the benefits and services the Member receives from all group coverages do not exceed 100 percent of the Maximum Allowed Amount incurred.

Subject to the Plan remaining in effect, a retired Subscriber whose coverage began due to a Chapter 11 bankruptcy may continue coverage for the remainder of his life; that Subscriber's covered Family Members may continue coverage for 36 months after their coverage terminates due to the Subscriber's death. However, coverage could terminate prior to such time for either the Subscriber or Family Member in accordance with items 4, 5, 6, or 7 above.

CONTINUATION OF GROUP COVERAGE

Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan). Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

TERMINAL BENEFITS

In the event the Agreement is terminated by Anthem Blue Cross, we shall provide extension of benefits for a Member who is totally disabled at the time of such termination, subject to the following provisions:

- A. If a Member is totally disabled when coverage ends and is under the treatment of a Physician, the benefits of the Agreement shall continue to be provided under this section for services treating the totally disabling illness or injury, and for no other condition related to the condition causing the total disability, illness or injury or arising out of such totally disabling illness or injury. This extension of benefits is not available if the Member becomes covered under another group health plan that provides coverage without limitation for the disabling condition.
- B. A Member confined as an Inpatient in a Hospital or Skilled Nursing Facility is considered Totally Disabled as long as the Inpatient Stay is Medically Necessary, and no written certification of the total disability is required.
- C. A Member not confined as an Inpatient who wishes to apply for total disability benefits must submit written certification by the Physician of the total disability. We must receive this certification within 30 days of the date coverage ends under the Agreement. At least once every 60 days while benefits are extended, we must receive proof that the Member's total disability is continuing.
- D. Benefits are provided until one of the following occurs:
 - 1. The Member is no longer Totally Disabled, or
 - 2. The maximum benefits of the Agreement are paid, or
 - 3. The Member becomes covered under another group health plan that provides coverage without limitation for disabling illness or injury, or
 - 4. A period of 12 consecutive months has passed since the date coverage ended.

Exception: If you are pregnant on the date of discontinuance of the Agreement, your pregnancy and maternity care benefits under this plan will be continued subject to the following:

- 1. Your pregnancy began while the Agreement was in effect.
- 2. You do not have to be totally disabled.
- 3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer pregnant.
 - b. The maximum benefits available to you under this plan are paid.

GENERAL PROVISIONS

Identification Cards

Anthem shall issue to the Subscriber an identification card to which the Subscriber and Family Members are entitled. Possession of an identification card confers no right to services or other benefits of the Agreement. To be entitled to services or benefits, the holder of the card must, in fact, be a Member on whose behalf applicable prepayment fees under the Agreement have actually been paid. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of the Agreement is chargeable therefore at prevailing rates.

Medical Necessity

The benefits of this Evidence of Coverage are provided only for services that are Medically Necessary. The services must be ordered by the attending Physician for the direct care and treatment of a covered illness, injury or condition, except for routine care, dental care and lenses following surgery as specifically stated. They must be standard medical practice where received for the illness, injury or condition being treated and must be legal in the United States. When an Inpatient Hospital Stay is necessary, services are limited to those which could not have been performed before admission. The process used to authorize or deny health care services under this plan is available to you upon request.

Expense in Excess of Benefits

We are not liable for any expense the Member incurs in excess of the benefits of this Plan.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve (the "Anthem Blue Cross" Service Area), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") do not contract with the Host Blue. We explain below how we pay both kinds of providers.

GENERAL PROVISIONS

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the *group* on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

GENERAL PROVISIONS

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency Services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. Blue Cross Blue Shield Global Core Program

GENERAL PROVISIONS

- Outpatient services.

You will need to file a claim form for any payments made up front.

Payment to Providers

The benefits of this plan will be paid directly to Participating Providers, Centers of Medical Excellence and medical transportation providers. Also, we will pay other providers of service directly when you assign benefits in writing. If another party pays for your medical care and you assign benefits in writing, we will pay the benefits of this plan to that party. These payments will fulfill our obligation to you for those covered services.

Exception: Under certain circumstances we will pay the benefits of this plan directly to a provider or third party even without your assignment of benefits in writing. To receive direct payment, the provider or third party must provide Anthem the following:

1. Proof of payment of medical services and the provider's itemized bill for such services;
2. If the Subscriber does not reside with the patient, either a copy of the judicial order requiring the Subscriber to provide coverage for the patient or a state approved form verifying the existence of such judicial order which would be filed with Anthem on an annual basis;
3. If the Subscriber does not reside with the patient, and if the provider is seeking direct reimbursement, an itemized bill with the signature of the custodian or guardian certifying that the services have been provided and supplying on an annual basis, either a copy of the judicial order requiring the Subscriber to provide coverage for the patient or a state approved form verifying the existence of such judicial order;
4. The name and address of the person to be reimbursed, the name and policy number of the Subscriber, the name of the patient, and other necessary information related to the coverage.

Claims Procedures

Properly completed claim forms itemizing the services received and clearly and accurately describing the services or supplies received and the charges must be sent to Anthem by the Member or the provider of service. These claim forms must be received by Anthem within 90 days of the date services are received. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to 12 months will be allowed. We are not liable for the benefits of the Plan if claims are not filed within this time period. Claim forms must be used; cancelled checks or receipts are not acceptable. To obtain a claim form you or someone on your behalf may call the member services phone number shown on your ID Card or go to the Anthem website at www.anthem.com/ca and download and print one.

GENERAL PROVISIONS

Members using Non-Participating Providers must submit bills attached to a claim form to:

Anthem Blue Cross
Attn: PPO (non-California resident) Plan
State of California (PORAC)
P.O. Box 60007
Los Angeles, CA 90060-0007

If you have any questions regarding your claim, please call the statewide service telephone number:

1-800-288-6928.

Care Coordination

We pay Participating Providers in various ways to provide covered services to you. For example, sometimes we may pay Participating Providers a separate amount for each covered service they provide. We may also pay them one amount for all covered services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, we may pay Participating Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate Participating Providers for coordination of your care. In some instances, Participating Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by Participating Providers to us under these programs.

Right of Recovery

Whenever payment has been made in error, Anthem will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event Anthem recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, Anthem will only recover such payment from the provider within 365 days of the date Anthem made the payment on a claim submitted by the provider. Anthem reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if Anthem pays your healthcare provider amounts that are your responsibility, such as deductibles, Co-Payments or co-insurance, Anthem may collect such amounts directly from you. You agree that Anthem has the right to recover such amounts from you.

Anthem has oversight responsibility for compliance with provider and vendor and subcontractor contracts. Anthem may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

Anthem has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. Anthem will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. Anthem may not provide you with notice of overpayments made by Anthem or you if the recovery method makes providing such notice administratively burdensome.

GENERAL PROVISIONS

Free Choice of Hospital and Physician

This Plan in no way interferes with the right of any Member entitled to Hospital benefits to select a Hospital of his or her choice. You may choose any Physician who holds a valid physician and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the Hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this plan, and is properly licensed according to appropriate state and local laws. However, that Member's choice may affect the benefits payable according to the terms of the Plan.

Workers' Compensation Insurance

This Plan is not in lieu of and does not affect any requirement of coverage by Workers' Compensation Insurance.

Non-Regulation of Providers

Benefits provided under this Plan do not regulate the amounts charged by providers of medical care.

Area of Service

The benefits of this Plan are provided for covered services received anywhere in the world.

Benefits Non-Transferable

Only eligible Members are entitled to receive benefits under this Plan. The right to benefits cannot be transferred.

Independent Contractors

All providers are independent contractors. Anthem is not liable for any claim or demand of damages connected with any injury resulting from any treatment.

Clerical Error

No clerical error on the part of the Employer or Anthem shall operate to defeat any of the rights, privileges or benefits of any Member.

Your Right to Appeals

Anthem shall offer a single mandatory level of appeal and an additional voluntary second level of appeal.

GENERAL PROVISIONS

Right to Receive and Release Information

For the purpose of enforcing or interpreting the Agreement, or participating in resolving any matter in dispute in regard to the Agreement, Anthem, the Board, or any person covered under this plan agrees, subject to statutory requirements, to share all relevant information with any other party. Such information may only be used in determining the disputed matter, and shall not be further disclosed without the consent of the person(s) to whom the information pertains. Any exchange of information pursuant to this section, for the limited purposes of the section, shall not be deemed a breach of any person's right of privacy.

Member Cooperation

By virtue of the agreement with CalPERS, Members agree to: (a) take action, furnish help and information, and execute instruments required to enforce our rights as set forth in the Agreement; (b) take no action to harm our rights or interests; and (c) tell Anthem of circumstances that may give rise to our rights.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage

We do not have the right to cancel your coverage under this plan while:

- A. This Plan is still in effect, and
- B. You are eligible, and
- C. Your premiums are paid according to the terms of the Plan.

Providing of Care

We are not responsible for providing any type of hospital, medical or similar care.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, your coverage under the Plan must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The Plan is subject to amendment, modification or termination according to the provisions of the Plan without your consent or concurrence.

Right to Receive Benefit

There is no vested right to receive any particular benefit set forth in the plan. Plan benefits may be modified. Any modified benefit (such as the elimination of a particular benefit or an increase in the Member's Co-Payment) applies to services or supplies furnished on or after the effective date of the modification.

GENERAL PROVISIONS

Continuity of Care after Termination of Provider

Subject to the terms and conditions set forth below, we will provide benefits to a Member at the Participating Provider level for covered services (subject to applicable Co-Payments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract is terminated by a Blue Cross or Blue Shield Plan (unless the provider's contract is terminated for reasons of medical disciplinary cause or reason, fraud, or other criminal activity). This does not apply to a provider who voluntarily terminates his or her contract.

The Member must be under the care of the Participating Provider at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to the Member in accordance with the terms and conditions of his or her agreement with the Blue Cross or Blue Shield plan prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the Blue Cross or Blue Shield plan prior to termination. If the provider does not agree with these contractual terms and conditions, we are not required to continue the provider's services beyond the contract termination date.

We will provide such benefits for the completion of covered services by a terminated provider only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll in this plan.

Please contact member services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the Member's clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the plan.

You will be notified by telephone, and the provider by telephone and facsimile, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles,

GENERAL PROVISIONS

coinsurance, and Co-Payments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis. We will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to Participating Providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, we are not required to continue that provider's services. If you disagree with our determination regarding continuity of care, you may file a complaint with Anthem by following the procedures described in the section entitled YOUR RIGHT TO APPEALS.

Voluntary Clinical Quality Programs. Anthem may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time. Anthem will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs. Anthem may offer health or fitness related program options for purchase by PORAC to help you achieve your best health. These programs are not covered services under your plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If PORAC has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options PORAC may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact member services number on your ID card and Anthem will work with you (and, if you wish, your Physician) to find a wellness program with the same reward that is right for you in light of your health status. If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this Plan or the Agreement, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The Member and IBT of PORAC, the plan administrator, agree to be bound by these arbitration provisions and acknowledge that they are giving up their right to trial by court or jury.

The Member and IBT of PORAC, the plan administrator, agree to give up the right to participate in class arbitrations against each other. Even if applicable law permits class actions or class arbitrations, the Member waives any right to pursue, on a class basis, any such controversy or claim against IBT of PORAC, the plan administrator, and IBT of PORAC, the plan administrator, waives any right to pursue on a class basis any such controversy or claim against the Member.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the Member making written demand on IBT of PORAC, the plan administrator. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS"), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Member and IBT of PORAC, the plan administrator, or by order of the court, if the Member and IBT of PORAC, the plan administrator, cannot agree.

Please send all Binding Arbitration demands in writing to IBT of PORAC, 4010 Truxel Road, Sacramento, CA 95834.

It is understood that any dispute including disputes relating to the delivery of services under the plan/Policy or any other issues related to the plan/Policy, including any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as permitted and provided by federal and California law, including but not limited to, the Patient Protection and Affordable Care Act, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

THIS MEANS THAT YOU AND ANTHEM BLUE CROSS LIFE AND HEALTH INSURANCE COMPANY AND/OR ANTHEM BLUE CROSS AGREE TO BE BOUND BY THIS ARBITRATION PROVISION AND ACKNOWLEDGE THAT THE RIGHT TO A JURY TRIAL OR TO PARTICIPATE IN A CLASS ACTION IS WAIVED FOR BOTH DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN/POLICY OR ANY OTHER ISSUES RELATED TO THE PLAN/POLICY AND MEDICAL MALPRACTICE CLAIMS.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the Plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the Plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the *plan* for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial or rescission; and
- you are entitled to a full and fair review of the denial or rescission.

The procedure Anthem will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, our notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific Plan provision(s) on which our determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the Plan’s review procedures and the time limits that apply to them, if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.

YOUR RIGHT TO APPEALS

For claims involving urgent/concurrent care:

- Anthem's notice will also include a description of the applicable urgent/concurrent review process; and
- Anthem may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. Anthem's review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- We shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for us to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between Anthem and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact us at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 4310, Woodland Hills, CA 91365-4310

You must include Your Member Identification Number when submitting an appeal.

Upon request, we will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

YOUR RIGHT TO APPEALS

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the *plan*, applied consistently for similarly-situated claimants; or
- is a statement of the Plan's policy or guidance about the treatment or benefit relative to your diagnosis.

Anthem will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, we will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When Anthem considers your appeal, we will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not Medically Necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, we will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, we will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, we will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from Anthem will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

YOUR RIGHT TO APPEALS

Voluntary Second Level Appeals

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to Anthem within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless Anthem determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between Anthem and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact Anthem at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending Physician (e.g., your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the member services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

This plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call us at the member services telephone number listed on your ID card.
