Dear Group Benefits Administrator:

We're writing to you because you already have the exclusive specialty pharmacy program as part of your pharmacy benefit. To help your employees get high quality, lower cost health care, we're updating the exclusive specialty drug list. We update this drug list as new, FDA-approved drugs come to market. We're enclosing the updated exclusive specialty drug list, which goes into effect January 1, 2013.

We'll be sending letters to employees who are filling prescriptions at retail pharmacies for the specialty drugs that are being added to the list. We want them to know some of the important features of our specialty pharmacy program. It offers:

- The ease of home delivery
- One-on-one service from a Pharmacy Care Advocate
- 24/7 phone access to a registered nurse or pharmacist
- A special nursing program for members with certain health problems; the program helps them stick to their drug routine and avoid side effects

To get the highest level of coverage, employees taking drugs on the exclusive specialty drug list have to move their prescriptions to CuraScript, our preferred specialty pharmacy. In some states, a specialty pharmacy *network is available; in these states,* members can choose to use CuraScript or another specialty pharmacy in the network. If employees who take drugs being added to the exclusive specialty drug list keep filling their prescriptions at a retail pharmacy, they may have to pay the full cost of the drug starting January 1, 2013.

We're here to help you and your employees
At the end of October, we'll send employees who are taking specialty medicines a letter about the change. Then we'll follow up with a phone call in early November.

If you have questions about this change, please contact your Anthem Blue Cross representative.

Sincerely,

Anthem Blue Cross

Anthem Blue Cross is the trade name of Blue Cross of California. Independent licensee of the Blue Cross Association. ©ANTHEM is a registered trademark of Anthem Insurance Companies, Inc. The Blue Cross name and symbol are registered marks of the Blue Cross Association.

Express Scripts, Inc. is a separate company that manages pharmacy services and benefits for members of our health plans.

This list may change without notice, which may affect your benefit coverage.

For more information about your drug plan, you can go to anthem.com/CA or call customer service at the phone number on your ID card.

Speech and hearing impaired users (TDD/TTY) should call 800-221-6915, Monday – Friday, 8:30 a.m. – 5:00 p.m., Eastern Time.

When specialty drugs are covered under your plan's medical benefits, they will not be covered by your prescription drug benefits, if included in your plan. When specialty drugs are covered under your prescription benefits, if included in your plan, they will not covered by your plan's medical benefits.

Some drugs may need approval (prior authorization) from your health plan before the pharmacy can give them to you. Visit anthem.com/ca (Pharmacy/Pharmacy Programs) for information on pharmacy prior authorization, forms and more.

Oncology drugs, when part of a chemotherapy regimen, do not have to come from the specialty pharmacy program. Oral Oncology drugs are excluded and need to come from our preferred specialty pharmacy provider.
