

Message from Brian Marvel, President, PORAC and Richard Buss, Insurance and Benefits Trust Chairman, PORAC

You have a choice when it comes to quality, affordable health care coverage.

For the past 36 years, PORAC has provided our members access to exclusive benefits and programs at competitive rates. The Police & Fire Health Plan, offered by the Insurance and Benefits Trust of PORAC in partnership with Anthem Blue Cross, is proud to offer you a comprehensive health plan.

We encourage you to join more than 25,000 police officers, firefighters, and their families who are already part of the PORAC Police & Fire Health Plan.

Compare our plan against other CalPERS-provided medical options. You'll see that, when you need care, you will pay less out of your own pocket, have access to one of the finest and largest networks of doctors and hospitals in your area, and receive more comprehensive coverage in your time of need.

Open enrollment runs from September 19 through October 14, 2022. Now is the time for you to consider switching to the PORAC Police & Fire Health Plan. Watch for your enrollment materials in the mail.

Designed by our members, managed by our members, for you and your family

Why Choose the PORAC Police & Fire Health Plan?

Compare your options today, and if you're not in the PORAC plan, please consider making the switch to the PORAC Police & Fire Health Plan.

1. Access to the doctors and hospitals you want to visit. Designed by PORAC exclusively for PORAC members, the Police & Fire Health Plan from Anthem gives you access to a broader Anthem PPO physician network, including several key medical groups and hospitals:

- UCLA Medical Group
- Cedars-Sinai Medical Group
- St. Joseph Heritage Medical Group
- Good Samaritan
- MemorialCare
- Seoul Medical Group
- Beaver Medical Group
- Empire Physicians Medical Group
- Heritage
- Monarch HealthCare

2. Your share of the costs may be lower. Premium is not the only thing to consider! For example, the PORAC plan has the lowest deductible, lowest out-of-pocket maximum cost, and you only pay a \$10 copay for primary care visits when you visit a network provider. And, with its broader provider network including the premier hospitals above, it could make all the difference if you're faced with an unexpected situation or a chronic health condition.

3. Affordable premiums. For 2023, the rates for the PORAC plan are more affordable than you might imagine when compared with other HMO and PPO plans.

Plan	Single	2-Party	Family
PORAC PPO Plan	\$820.00	\$1,600.00	\$2,100.00
